Q1

- How many features/attributes are there per sample?
  There are 5 features in total, 4 numeric, predictive attributes and the class, but we will only use 4 numeric features to train data.
  Attribute Information:
    1. sepal length in cm
    2. sepal width in cm
    3. petal length in cm
    4. petal width in cm
    5. class: -- Iris Setosa -- Iris Versicolour -- Iris Virginica

- How many different species are there?
  Three. Iris Setosa, Iris Versicolour, Iris Virginica

- how many samples of each species did Anderson record?
  50 in each of three classes.
